

# PROHIBITION LOST BY 40,000; HOME RULE WINS

Columbus, Nov. 4.—Prohibition was defeated by 40,000 majority and Home Rule was adopted with so large a lead that even late returns from rural dry counties cannot overcome it, according to a statement of Wayne B. Wheeler, superintendent of the Ohio Anti-Saloon League at 1 o'clock. Wheeler promised the fight for state-wide prohibition would be continued until Ohio is dry. It was stated unofficially at the dry headquarters that a majority of at least 10,000 is expected for the Home Rule amendment. "If Cleveland and Cincinnati give 100,000 majority for Home Rule, we cannot overcome it in the other counties," was the admission of Mr. Wheeler. Complete returns show Hamilton county gave 68,890 majority for Home Rule and Cuyahoga gave 31,573, making a total of 100,463. "We concede that the Prohibition amendment is defeated by about 40,000," continues the statement from dry headquarters. "The state outside of Cincinnati voted for Prohibition. Ninety days was too short a time to inform the voters in the big wet cities about the merits of Prohibition. We can vote on this question every year and there will be no let up in the fight until Ohio is dry."

# WILLIS NEXT GOVERNOR OF OHIO

## REPUBLICANS ELECT THEIR STATE TICKET BY SAFE MAJORITIES

### THE WINNERS STATE

Governor—Frank R. Willis.  
Lieutenant Governor—John H. Arnold.  
Secretary of State—Charles Q. Hildebrandt.  
Attorney General—Edward Turner.  
U. S. Senator—Warren G. Harding.  
Treasurer of State—Rudolph Archer.  
Congress—Charles C. Kearns.  
State Senator—W. D. Tremper.

Columbus, Nov. 4.—The results of yesterday's state wide election as indicated this afternoon were as follows:  
Home rule was adopted by a small majority.  
Prohibition was defeated by 40,000.

Woman suffrage and taxation reform were defeated.  
Frank B. Willis, Republican, was elected governor over Governor James M. Cox. Republican headquarters claim 30,000 plurality. Democratic headquarters conceding only 10,000; Willis will assume office in January.

Entire Republican state tickets, excepting judicial candidates, probably has been elected. This includes Warren G. Harding for senator over Timothy S. Hogan by a large plurality.

Republicans elected 12 congressmen and Democrats 10. A majority for the next legislature will be Republican. The Progressive vote appeared almost negligible. Contests on the state judicial ticket were not determined.

Columbus, Nov. 4.—The battle for supremacy in the Ohio political field yesterday resulted in the election of former Lieutenant Governor Warren G. Harding, of Marion, as United States Senator to succeed Theodore E. Burton, and Congressman Frank B. Willis of Ada, as governor to succeed James M. Cox, of Dayton, according to reports received at the Republican state headquarters from the county chairmen.

Basing his claim on estimates rather than actual figures, Republican State Chairman Jones early today declared Willis had been elected by a plurality of 40,000 to 60,000. However, actual figures taken from incomplete returns from the entire state, give the republican candidate a plurality of 8,000 to 12,000. Harding's election is conceded by all sides. He apparently won a decisive victory over Attorney General Timothy S. Hogan.

### THREE AMENDMENTS DEFEATED

At least three of the four proposed constitutional amendments were defeated. The state-wide prohibition proposal of the anti-saloon league failed to carry by a majority estimated at from 50,000 to 60,000; the taxation amendment proposed by the Ohio state chamber of commerce, was beaten, most of the counties voting two to one against it, and for the second time in two years, woman suffrage failed.

### HOME RULE IN DOUBT

The fate of the liberal interests home rule amendment was still in doubt. For this proposal, the larger cities of the state piled up large majorities, which caused the home rule association to claim its adoption, but the rural districts turned in majorities against it. Complete figures may show that it, too, has been defeated.

Returns on the state officers, aside from the governorship, came in slowly, but republican leaders assert that the entire republican state ticket has been carried into office with Willis and Harding. Democratic State Chairman Finley had no figures to offer this morning but he expressed the hope that complete returns would show a Cox victory.

### EVEN SPLIT IN DISTRICTS.

Voters changed the personnel of the Ohio congressional delegation for the Republicans, but did not give them a majority. Available reports indicate that the delegation is evenly split between the two parties, each getting 11 congressmen. Former Congressman Charles Longworth was given his old seat in the House by the Republicans in the first district. Fragmentary returns indicate that members of the next general assembly will be Republican.

The results of the election so far as they have been tabulated, showed Republican leaders to assume a jubilant attitude. They pointed with pride to the small vote cast by the progressives and saw in the future a reunited party under Republican standards.

## GOVERNOR COX CONCEDES WILLIS' ELECTION AND MAKES STATEMENT

Columbus, Nov. 4.—Governor Cox this morning conceded Willis' election. Gov. Cox sent the following message to Mr. Willis:

"I congratulate you upon your selection to assume the

executive affairs of the greatest commonwealth and the most splendid people in the world. — (Signed) JAMES M. COX."

Columbus, Nov. 4.—After

extending his congratulations to Frank B. Willis, of Ada, on his election, Governor Cox issued a statement saying that political history shows that no reform administration "ever succeeded itself," and assert-

that he gives up the office without a "pang." The statement follows:

"A year ago many friends reminded me that in the history of political affairs no reform administration ever succeeded itself, I believed our new laws would be in operation long enough to establish a precedent in that respect. Those who are satisfied with a created new order of things accepted it as a matter of course ordinarily, and most of them divide on political lines while those who lose unholy privilege make a frenzied warfare on the administration believed to be responsible. At first blush the new laws would appear to be condemned by public expression, and it, if the issue had clearly been their repeal or retention, the result would have been far different. It has been a stormy and eventful two years of public service, and since our work was done so far as legislation was concerned, I give up the station without a pang. The reflection that we were privileged to participate with the greatest legislature in Ohio's history in the passage of laws that mean so much to human happiness and the general welfare of the state is a sufficient guarantee of my contentment."

## Austrians Retire

Berlin, Nov. 4.—(By Wireless).—An announcement given out in Vienna says that Austrian forces in Poland, after holding the Russians in check on the Lysa river, continued their retiring movement to positions previously selected by them.

The situation in India is unchanged. The Austrians have captured large quantities of supplies from the Serbians in the Maeva district, where the enemy retreated in haste.

tions on their defeat. Heads of several state departments sat in the governor's office silent. Most blamed Hamilton county voters for defeat, saying a large plurality for Governor Cox, and the balance of the state ticket had been expected there, and expressing the opinion that wet interests there had deceived the governor. Republican leaders, and workers in the state headquarters were as elated as were those in the democratic headquarters depressed. Democratic State Chairman Finley may issue a statement late today laying the certain Hamilton county interests for working against the democrats, it was said at his office.

## DEMOCRATS RETAIN MAJORITY IN HOUSE BY A SMALL MARGIN

Washington, Nov. 4.—On the face of incomplete returns late today the fight for control of the house of representatives of the next congress is close—possibly closer—than democratic leaders have estimated.

With 69 congressional districts unreported the elections stood this way: Democrats elected 189; Republicans elected 172; Progressives elected 3; Independents 1; Socialists 1; Missing 69. Total membership of the house 435.

The returns that far showed republican gains of 43 seats. Of the 69 missing the democrats must have 29 to get 218, a bare majority. Democratic leaders predicted they would have more than enough. Postmaster General Burleson predicted, after a conference with President Wilson, a majority ranging from 29 to 45.

### NO CHANGE IN SENATE

The varying reports of the senate contests in Nevada, California, Kansas and Colorado gave no promise of reducing the democratic majority of 8. Reports to the national democratic committee were sent to indicate the election of James D. Phelan, of California, to succeed Senator Perkins, a republican and the reelection of Senators Newlands and Thomas in Nevada and Colorado. In Kansas a close contest for the seat of

Senator Bristow seemed to be with representative Mardock, Progressive and former Senator Curtis, republican leaving representative Needer, the democratic candidate behind. At noon with the 85 congressional districts missing the election of 185 democrats, 162 republicans and three progressives was reported. The present complexion of the house is 285 democrats, 129 republicans, 15 progressives and 4 vacancies.

### REPUBLICANS GAIN 43 DISTRICTS

The noon returns showed a gain of 43 Republicans. At that hour 22 districts in New York, six in Pennsylvania, 12 in Missouri, 10 in Minnesota, 8 in California and others were unreported. It takes 218 for a majority in the house. To fulfill the predictions of democratic leaders of a majority of thirty it is necessary for 61 of the unreported districts to be democratic. They are claimed by the leaders.

Of the 85 districts unreported at noon 51 are now held by democrats, 29 by republicans and five by progressives. Should the democrats hold these 51 districts their membership in the next house would be 335, a majority of 17. Should the republicans recede the present 29 incumbents their total gain would be seventy seats.

"We have won a great victory," said Postmaster General Burleson after a conference with President Wilson and other democratic leaders during which the returns were tabulated. He claimed the democrats would control the next house by a majority of between 29 and 45.

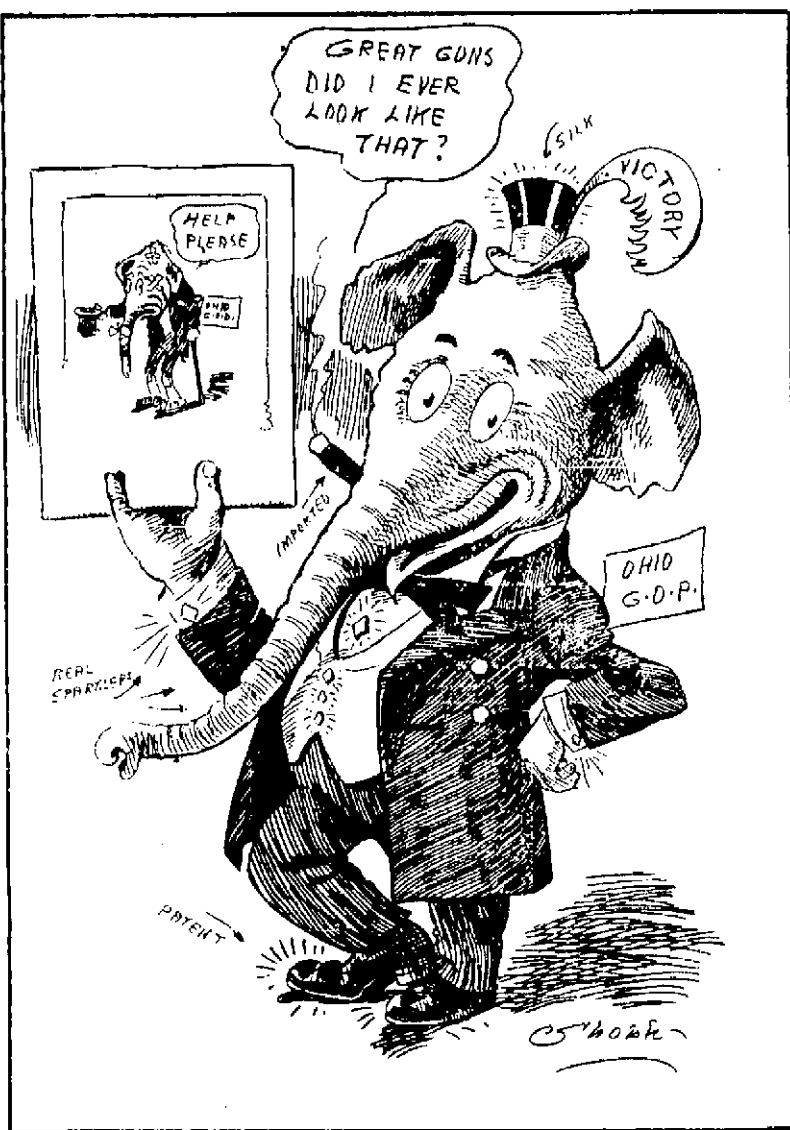

In a long distance telephone talk between Roger Sullivan, democratic candidate for senator in Illinois and Thomas Pence, of the democratic national committee at

## IN OREGON

Portland, Oregon, Nov. 4.—A clean sweep by the republicans of the state congressional ticket, except for U. S. Senator was indicated early today by partial returns from all counties of Oregon. The result of the vote on prohibition was not apparent from the reports at hand.

G. E. Chamberlain, D., was running well ahead of R. A. Booth, R., for senator and his managers claimed his election.

Ohio—Fair and colder tonight and Thursday.  
Kentucky—Fair tonight and colder Thursday.

## GLOOM HANGS HEAVY OVER STATE CAPITOL; REPUBS ARE ELATED

Columbus, Nov. 4.—Deep gloom hangs over the state office most of the day, revealing few visitors. He appeared in good health despite the vigorous campaign just finished. Attorney General P. S. Hogan called on him during the morning and the two exchanged mutual consolation.

Willis' majority over Governor Cox, from the unofficial returns, complete, was 1071, 925 of which was received outside of the city. The Governor made a most creditable showing in Portsmouth where he held the Willis majority to 139 in the face of adverse returns for the balance of the Democratic state, district and county tickets.

2905, of which 1748 was received in the city and 1157 in the country. Local political sharps claim that this is the highest majority ever received by a county candidate in the history of the county. Of the Democratic candidates, Kinley, candidate for reelection to the office of county surveyor, made the best showing, running over 1000 votes ahead of the balance of the county ticket. He ran for ahead both in the city and throughout the county, and under ordinary circumstances would have had an easy victory over his opponent's majority was 954.

### EXPERIMENTAL FARM SAVED

Official returns, complete, from all over the county, indicate that the voters of the county have ratified the proposition to issue \$200,000 worth of bonds for a county experimental farm. By the slight majority of 332.

In Portsmouth the proposition lost by 320, but the voters in the rural precincts overcame this adverse majority with a majority of 512 for it.

The balance of the Republican state ticket, outside of Governor Cox, was decisively beaten in the county.

## Civil Authority Has Given Way To Military In Europe

Berlin, Nov. 4.—(Correspondence of the Associated Press.)—To say that civil authority in Germany has everywhere given way to military government would be to overstate the case, and yet it is true that within its own field of affairs the military is not only absolute, but also at times inclined utterly to disregard even the highest state officials. This prevails to such an extent that passes for instance, from the Minister of Foreign Affairs are only valid when some army officer is disposed to recognize them.

## Europe's Daily War Bill Is Reaching 40,000,000 Per Day

Paris.—(Correspondence of The Associated Press.)—The war bill which Europe is meeting daily is now figured up as follows:

Russia	\$14,000,000
Germany	7,225,000
France	7,000,000
England	5,000,000
Austria	4,000,000
Various	3,000,000
Total	\$40,225,000

The French appropriation is from official figures as announced by M. Ribot, Minister of Finance. The English estimate by the London Statist; the German total from "an authoritative source" in a Geneva paper, and the other sums from various conservative estimates which have appeared in one place or another. The item "various", represents the probable expense to which Serbia, Belgium, and the neutral countries in Switzerland, Italy, Roumania, Turkey, Greece, Holland and Denmark have been put.

The vast total does not include the destruction of property where fighting is taking place, nor the well-nigh incalculable losses to Europe of 20,000,000 men under arms being taken from production. There are no indications in France that exhaustion has set in, but it is evident that the accumulated treasure of even the richest country on the continent is being poured out at a rate that adds \$200,000,000 a month to the National Debt.

London.—Only in cotton spinning is British industry suffering. In addition to supplying the expeditionary force and the new army clothing and equipment, Russia has placed orders for a million pairs of boots and the British woolen mills and shoe factories have other contracts they are as yet unable to place, which could be easily taken by American manufacturing agents, were they in the field.

The greatest wastage in the war has been in the motor vehicle line. Not only are the cars raked to pieces by hard service, but large numbers are destroyed by shell. British manufacturers have not the equipment to supply this wastage.

Russia is not a manufacturing country, and the factories of France have been largely destroyed in the north and in other parts are shut down because of the lack of hands.

Paris.—The American Embassy is winding up its affairs as a bank, ticket agency, charitable society and consoler of Americans caught in Europe by the war. Ambassador Herrick has had the services of a dozen young American army officers who were taking courses in French military tactics at the outbreak of the war. The war and state departments in Washington attached the officers temporarily to the Embassy. The Ambassador has also had the voluntary help from Americans

## SO LONG, WOMAN SUFFRAGE

Scioto county repudiated woman's suffrage Tuesday by a vote of nearly two to one, the opposition being general all over the county.

In the city, a majority of 2220 was recorded against the suffrage amendment, which was further increased by an adverse majority of 664 in the rural precincts. The total vote, city and county was, yes, 3154; no 6037.

## Scioto County Was Against State Wide

State-wide prohibition was tested in Scioto county by a vote of 576, while the House amendment was defeated by 1028. The vote made their big mark in the city, part of which was come in the rural sections.

In Portsmouth, a majority of 1028 was recorded against state-wide prohibition, while a majority of 770 was registered in favor of the House amendment. Three years ago, the county voted wet under the Ross law, a majority of 1322.

A majority of 4734 against the taxation limitation amendment was piled up in Scioto county, the vote being overwhelmingly against it in both the city and the country. The vote was, 1650 for, and 5384 against the amendment.

## Judge Walters Elected

Festus Walters, Republican, was elected by upwards of 20,000 majority as judge of Court of Appeals. Judge Walters made a splendid showing in Scioto county, leading his opponent, Matthew Merriman, by more than a thousand votes. Judge Walters is a native of Circleville and stands high as an attorney and able jurist. His election was conceded at the time of his nomination, as the district is overwhelmingly Republican.

THREE STATES  
DROP IN DRY  
COLUMN

Chicago, Nov. 4.—Three western states were aligned in the dry column yesterday, according to latest returns. Oregon, Arizona and Colorado voted for state-wide prohibition by close margins, say anti-liquor people. In addition the claim was made by anti-saloon workers here that the majority of Illinois legislators are dry in sentiment.

Washington, Nov. 4.—A federal quarantine against shipment of cattle out of New York state and Maryland was imposed today by the department of agriculture due to the discovery of the foot and mouth disease in the Buffalo stock yards and in Hagerstown, Maryland.

## THE MARKETS

Chicago, Nov. 4.—Wheat developed weakness today influenced by big domestic receipts and by a decided increase of the European visible supply. The fact that the trans-Atlantic crop summary was generally favorable, combined also against the bulls. Reports of good buying which was 3-5 lower to 1-8 up was followed by a decline all around and then an upturn to Monday night's level.

Active buying from exporters put strength into corn. It was said that only a few scattering lots in the stock here remained unsold. After starting a shade off to a shade up, prices made a moderate general advance.

Oats followed corn up. Trade was light.

Firmness was the rule in provisions. Lower prices for hogs were ignored.

Subsequently cold and frost in Argentina proved a disadvantage to the bears and so also in a greater degree did the readiness with which hedging sales in wheat were absorbed, especially by export houses. The close was strong at 1-4 net advance.

The fact that new corn moving freely from the farms did not prevent a continued rise in quotations. The close was strong at a gain of 1-8 to 1-4 net.

CHICAGO STOCK YARDS  
MAY BE CLOSED BECAUSE  
OF DISEASES OF CATTLEMystery Shrouds  
A Vicious Assault,  
Rob Park Depot

Mystery shrouds an assault upon John Lambros and the robbery of the Mahanaz candy kitchen at the Millbrook park waiting station Tuesday night.

About ten-thirty two fellows appeared in the candy kitchen and asked for a package of peanuts, and while Lambros had his back turned waiting on them one of the men struck him, falling him to the floor. He was unconscious for a short time, having been hit by a pair of knuckles or a black jack.

Street car men found Lambros wandering around the waiting station with his face and head covered with blood which was streaming from four ugly wounds on his head that protruded nearly to the skull.

After knocking him into insensibility the two men rifled the pockets of their victim, getting a total of \$14. Not being satisfied with this amount they next turned their attention to the cash register which they broke open, taking the contents which amounted to about \$5.

Lambros was moved to the Hempstead hospital where an examination of his wounds showed that he was not in a serious condition.

The New Boston police officials were notified of the assault and robbery and were soon on the job with Mayor Davis at their head, but could find no trace of the two robbers.

Dr. E. O. Dyson, state veterinarian for Illinois, started 155 inspectors into infected districts today. These men will trace and inspect every herd of feeding cattle purchased at the Chicago yards since Sept. 1. Whenever suspicious symptoms are found a rigid quarantine will be established and infected cattle killed.

Popular Play.  
A new play is called The Milk Sticking. Summer or later it is bound to have a run.

London, Nov. 4.—From the coast to Lille, a comparatively short battle line, the Germans have eleven army corps, roughly half a million men. The English papers point out today this situation still is undecided and that it should not be assumed that the Germans yet have been decisively beaten in Belgium. That the allies have been throwing fresh forces into Belgium is indicated in today's official account from the British front which speaks of both forces from home and Indian troops in that area of hostilities.

Though the battle of the sand dunes may be over it is not correct to say that the German forces have been driven from the Belgian coast. They still hold Ostend and they are concentrating huge forces in the vicinity of Ypres and it is the opinion of military observers that a renewed German struggle to break through the allied line will center there.

New York, Nov. 4.—A Socialist has been elected to congress for the first time in the history of New York. He is Meyer London of the twelfth congressional district who has been active in labor and Socialist circles in this city for many years. He defeated Congressman Henry M. Gold-fogle, the Democratic and Independence league candidate.

## WAR ON LAND NOW DIVERTED BY NAVAL OPERATIONS

London, Nov. 4. (10-10).—With but much satisfaction is expressed that the Cruiser Halsey, of the German fleet, has been driven from the coast of England, interest in London has again been diverted from land operations to naval movements.

The daring dash of a German squadron to within a mile of the northeast coast of England indicates that the prolonged inactivity of the larger units of the German fleet has been broken by a raid on the coast of England.

Another interest naval development was the long distance bombardment of the Dutch coast by a combined allied fleet. Athens reports that seventy shots were fired at the Turkish forts. The British ships took prominent part in the action. The result of the engagement is unknown, except that a huge pillar of smoke on shore indicated that some of the shells must have found their mark.

The official reports from Belgium headquarters are becoming more positive in their assertions that the enemy is preparing to withdraw from his hard won position on the southwest coast of Belgium. Neuport has been evacuated, but not before the city had become an untenable ruin. The battle of the sand dunes may now be said to be history, as in London, it is considered as hardly likely that the Germans again attempt to move in this direction.

Elsewhere along the western battle front the usual attacks and counter attacks are reported, but any indications as to the exact point where the invaders may be expected to make their next supreme effort to cut their way through to Calais.

In the east Emperor Nicholas has left for the front after issuing a manifesto in which he says that Turkey's actions opens the way for Russia to accomplish his historic mission on the Black Sea. The Germans have been making desperate assaults on the Russian right wing and particularly fierce fighting is reported near Suwalki, in Russian Poland.

Paris, Nov. 4.—(10-9 p. m.)—The new advance, which just General Joffre, commander-in-chief of the French forces, has the German frontier, sent a telegram to his imperial highness, Grand Duke Nicholas, commander in chief of the Russian army, in which he congratulated him on the success of the Russian army in the field. The text of the telegram, which follows:

"We have received with keen pleasure the dispatch concerning the triumph of the Russian army during the past 15 days, including those relating to the capture of the German frontier."

## GOVERNORS ELECTED

New York, Nov. 4.—Incomplete returns from the 29 states where gubernatorial elections were held showed today that eleven democrats and 10 republicans had been elected and that in seven states the result was apparently not determined. Of those twenty-nine states, eleven have elected republican governors, 11 republican governors and two progressive governors.

Hamilton Co. Complete

Columbus, Nov. 4.—In addition to having captured the state offices the Republicans, it appears this morning, would control the legislature in both branches.

Unofficial returns early today indicated that the next house would contain 77 Republicans and 44 Democrats. In the senate 20 Republicans and 13 Democrats constitute the division of party lines.

The Republicans made their greatest gains in Hamilton county making a clean sweep of the legislative ticket which in the last session was composed of nine Democrats and one Republican. Hamilton also elected three Republican senators to replace three Democrats.

## Dr. Tremper Wins By A Wide Margin, For State Senator

Dr. William D. Tremper of Portsmouth, developed running qualities in his race for state senator from this district, that surprised even his most sanguine campaign managers. It was conceded that Dr. Tremper would run away head of his ticket in this county, but he ran even better than anticipated. The same was true in other counties in the district and he came under the wire a winner by a big majority over C. M. Emory, his Democratic opponent.

The fight between these two was an exceedingly lively one, both candidates making an active campaign. Each was ahead of associates in his home county, showing the sterling character of the two men. The big majority secured by Dr. Tremper in his home county put him across by a good margin.

In Scioto county the vote was as follows: Tremper, city 3300,

## EVERYBODY CLAMORED FOR ELECTION RETURNS

The bustling, bustling crowds that thronged and zigzagged their way through the business sections last night did not suffer for want of election news.

Portsmouth fairly subsisted on election returns for several hours last night. In addition to the 3,000 that gathered in "Times Square" to devour the news great crowds assembled in front of the Smoke House, Play House, and the Eagles, Elks and Junior Order of United American Mechanics kept open house.

The returns were dashed as quickly as received and the crowds did not disperse until the early morning hours were reached. It was a typical Election Night gang of news seekers and revelers.

Fully 1,500 people gathered in the Home Defenders tent Tuesday night and heard the election news as received and announced there.

## SAVE YOUR HAIR! IF FALLING OUT OR DANDRUFF-25 CENT DANDERINE

It is the battle, colorless, and shiny hair is made evidence of a neglected scalp. Dandruff is a painful scalp. There is nothing so destructive to the hair as dandruff. It robs the hair of its life, eventually produces a feverishness and itching of the scalp, which if not removed causes the hair roots to become loosened and then the hair falls out fast. A little Danderine tonight, now, any time, will surely save your hair.

## Carried By 30,000

Paul Esselborn received a telegram from Otto J. Renner, chairman of the Home Rule Association in Cincinnati Wednesday afternoon to the effect that Home Rule had carried in Ohio by a majority of 30,000.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance; an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will naturally see a lot of fine, downy hair—new hair—growing all over the scalp.

## Michigan

Detroit, Nov. 4.—It was practically conceded even by Republicans that Woodbridge N. Ferris, Democrat, has been re-elected governor of Michigan, by a majority variously estimated at from 15,000 to 30,000. Former Governor Osburne, who ran against Ferris was the only Republican defeated on the state ticket.

Michigan Republicans were also jubilant over their victory in the congressional election.

## Indiana

Indianapolis, Ind., Nov. 4.—In complete returns early today from yesterday's election in Indiana indicate the re-election of United States Senator Shively by a plurality of about 2,000 and of the entire Democratic state ticket headed by Homer L. Cook, for secretary of state. The Progressives ran a poor third.

Indiana's solid Democratic congressional delegation was broken, the Republicans winning in this, the seventh, and in the tenth districts. The outcome in the second, where a strong fight was made against Congressman Wm. A. Cullup and in the sixth, was still in doubt.

## Minnesota

St. Paul, Minn., Nov. 4.—Congressman W. S. Hammond, (D) was elected governor yesterday by an estimated majority of from 20,000 to 50,000 over his republican opponent, Wm. E. Loe, according to incomplete returns today.

# TAKES CARBOLIC ACID; BUT WILL GET WELL

Dependent because he had been out of work for sometime is assigned as the cause for the unsuccessful attempt Calvin Cooper, aged 30 made to end his life through the suicide route Tuesday evening when he swallowed four capsules, which he had carefully tied with carbolic acid, the poison he chose to shuffle off this mortal coil. Alva Jones, who came in the Cooper home came home shortly after Cooper had taken the fiery fluid. He found Cooper in an unconscious condition and quickly summoned Dr. J. J. O'Leary, who succeeded in saving the man's life by administering powerful emetics. Cooper was declared out of danger Wednesday morning.

At the Cooper home it was stated this morning that Cooper had worried greatly over his inability to get work and that he had been in the clutches of despondency for the past week. It was reported that Cooper left a note bidding his wife and other relatives and friends goodbye, but it could not be found.

Cooper came to this city three months ago from Harrison, Ky. According to Mrs. Cooper she has lived happily with her husband and domestic infelicity did not enter into the attempt Cooper made to end his own life.

Cooper was a brother of Grant Cooper, who four weeks ago got into a fight with Grover Dyer over a dog and both men were killed. Mrs. Cooper was visiting in Kentucky Tuesday and did not learn of her husband's attempt to commit suicide until she returned home at 10 o'clock last night.

## Owner Found

The pocketbook found by John A. Raab of Chillicothe street, was owned by Miss Clara Bender of Seventh street. It was returned to her, thanks to The Times, as it was in this paper that Miss Bender learned that Mr. Raab had found a pocketbook, which luckily fell into the hands of an honest man and was returned to her.

## CASCARETS FOR COSTIVE BOWELS, SOUR STOMACH COLD OR HEADACHE

That awful sourness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick head—these mean your stomach is sour—your liver is torpid—your bowels constipated. It isn't your stomach's fault—it isn't indigestion—it's biliousness and constipation. Try Cascarets: they sweeten the stomach, remove the sour, fermenting food and foul gases; take bile from the liver and carry off the constipated waste matter from the bowels. Then your stomach trouble, headache, bad cold and all such miseries end.

# GERMAN FLEET MAKES BOLD RAID ON NORTH SEA; 3 SHIPS SUNK

London, Nov. 4. (4:45 a. m.)—Telegraphing from Yarmouth regarding the raid made by a German squadron in the North Sea Tuesday, the correspondent of the Times says:

"The whole of the crew of Submarine D-5, which was sunk by a mine dropped by a German cruiser, were lost except two officers and two men. Four men were saved from the drifter Fraternal, which was also sunk, but six of her men were drowned. The mine drifter Copious was also struck by a mine about the same time as the others and sank. Only one member of her crew was saved and nine were drowned.

"The fight was so close to the shore that some of the shells dropped within a mile of the beach, one exploding within a few hundred yards of the naval air station on the south side of Yarmouth.

"It is believed here that the German raiding squadron intended to bombard the coast."

## FREAK ELECTION BET

If you see a business man performing laboriously behind the good, old-fashioned wheelbarrow, and another business man seated in said wheelbarrow and wheeled in smiles, you need not think that the miller is just around the corner waiting upon his chance to grab you. It will be just another of those freak election bets being paid.

Before the election Lou Schloss, an ardent admirer of Governor Cox, met Henderson Hutchison, of the Hutchison Music Company, on the street. Their conversation soon drifted to politics, as Mr. Hutchison is a strong booster for Willis.

"I'll tell you what I will do with you just to make us take a keener interest in the election," said Mr. Hutchison to Mr. Schloss.

"If Cox wins I will wear a Panama hat until December 1, and if Willis wins you will have to wheel me in a wheelbarrow from the Washington Hotel to the Hutchison Music Company's store on Gallia street," said Mr. Hutchison. Mr. Schloss agreed to this and now it is up to him to come through with his end of the bet and wheel Mr. Hutchison from the Washington Hotel to Gallia and Gay streets in a prosaic wheelbarrow.

# Drys Badly Beaten In The Golden State

San Francisco, Nov. 4.—The uncertainty that remains to be cleared up from yesterday's election in California is the outcome of the U. S. senator. Fragmentary returns from all parts of the state early today showed that Representative Joseph R. Knowlton and James D. Phelan D. were running close together. Frank J. Henry D. was lagging far behind.

Supporters of Governor Hiram W. Johnson D. are claiming that his defeat for reelection over John Frederick H. and John B. Curren D. would approximate 100,000. A drastic prohibition initiative measure and a proposed general land and water law were decisively beaten.

# Woman's Suffrage Loses Everywhere

Chicago, Nov. 4.—Woman's suffrage suffered a setback in the election yesterday. Six states, voting against granting the franchise to women and woman candidates, and defeating defeat at the polls. In Illinois, where women gained the right to vote for all statutory offices only recently, the number of voters cast by that sex fell off greatly.

Ohio, Missouri, North Dakota, South Dakota, Nebraska, and Nevada voted against granting votes to women. Lively campaigns had been made in all of these states by advocates of woman suffrage.

In Kansas a woman ran for congress in the Sixth district and a lively campaign was conducted in her behalf, but the female Progressive candidate, Mrs. Eva Morley Murphy, was defeated, running third. In Chicago Miss Harriet Vitron and Miss Mary McDowell, heads of social settlements, ran for county commissioners, but made a poor showing.

## INMAN WAS DEFEATED BY ABOUT 1,550 MAJORITY

Despite a gallant fight, William A. Inman, Democratic nominee for congress from the new Sixth district, went down to defeat in the general landslide of Tuesday.

Returning to the district, Inman lost the election to Charles C. Kearns of Clermont county, by a majority that will range about 1,500.

RetURNS received by The Times show that Kearns carried Clermont county, his home county, by 480. He carried Highland county by 500, receiving 3,795 votes to 3,205 for Inman. He carried Adams county by 550, a total of 1925 in the three counties. In Scioto county Kearns received a majority of 1329, giving him total majorities of 2654.

To offset this Mr. Inman received a majority of 260 in Pike and also received \$30 majority in Brown county, a total of 1090. This gave Kearns a majority of 1561 in the whole district.

The total vote in Scioto county was as follows: Inman, 2459; county 1757, total 4216; Kearns, 2954, county 2591, total 5545. Kearns' majority in county 1329.

## Over 7,000 Pink Extras Were Sold

It was through The Times' Pink Extra that Portsmouth received its election news on Tuesday night and Wednesday morning.

This is evidently true from the fact that over 7,000 Pinks were sold in the five extras put on the streets, four last night and one at the regular time Wednesday morning. It seemed that everybody down town last night was "pinked." The election extras carried all of the news from the city and county as well as from various parts of Ohio and throughout the country and there was a wonderful demand for them. The

story of the greatest election Ohio has ever passed through was told accurately and comprehensively in The Times' Pink Extras. They are getting to be quite an institution in Portsmouth.

The down town streets re-echoed with exuberance Election Night and it seemed that everybody read the pink or gathered in "Times Square" to scan the news as flashed on the screen.

Reuben O. Fisher, of 1426 Ocean street, is confined to his home threatened with typhoid fever.

## THEATRICAL

### "Mutt & Jeff"

After three seasons of veritable triumph, Gus Hill comes back for a fourth season with his perennial success "Mutt and Jeff" in an entire new dress. "In Mexico" is the title of the story that is to form a background for Bud Fisher's inimitable characters which easily assume the credit of the greatest and most durable success of the cartoon world. The new production is an innovation of play craftsmanship's work, embodying about all of the real meat of standard amusement; the thrill of the melodrama, the side-splitting situations of the farce comedy, the extravagance and the tinelled brilliancy of the burlesque.

It comes to the Sun theatre, opening with a matinee on Wednesday, November 11, for an engagement of one day. Scenarists in advance is an old cry, but in this case it is very necessary, as "Mutt and Jeff" always plays to overflowing houses. Seat sale opens Tuesday at 10 a. m., at Sun box office.

### "Follies of Broadway"

That mighty amalgamation of beauty, youth, fun and melody, "The Follies of Broadway," described by an enthusiastic critic as "a seething blast of frivolity" impends at the Sun theatre. The date of the engagement in Portsmouth is scheduled for Thursday, Friday and Saturday, the last half of this week.

"The Follies of Broadway" is conceived in originality and bred in prodigal disregard for lavish display and unlimited talent.

Mrs. W. H. Puckett, of Twelfth street, is recovering from a three weeks' illness of malaria.

# CROWDS WATCH RETURNS AT THE TIMES AND MANY TELEPHONE FOR NEWS

That Times election news was eagerly sought Tuesday night was convincingly shown by the exceedingly large number of out of town calls received about the result of the election on the four amendments and on the gubernatorial fight. Many calls came in from Huntington, Gallipolis, Trenton, Ashland, Mayssville, West Union, Waverly, Hillsboro, Manchester, Winchester, Vanceburg, Quincy, Greenup, Russell and Pike. The surrounding counties were wonderfully interested in the wet and dry vote and The Times was besieged with telephone calls as to which way it was going. Mayssville must have been greatly interested in the Ohio election on the Home Rule as no less than six calls were received from that town and from points all along the Ohio river.

The Times gladly furnished all the information that it had, and which was received over its leased wire and its special correspondents. As fast as the news came rolling in it was disseminated to the surrounding towns, who evidently realized that The Times was a good place to get an accurate line on the election returns judging by the feverish manner in which they called for this office.

Several calls came from the remote sections of Greenup and Mason counties in Kentucky.

The Times' election returns thrown on a huge sheet of canvas in front of its office made a tremendous hit with the several thousand people, who jammed their way into Chillicothe street to eagerly scan the bulletins. It was a mixed crowd, politically and both the wet and dry elements were well represented as was evident when this and that telegram helped their cause they burst into hearty cheers. It was a jolly, good natured crowd of information seekers that stuck around until the last message was flashed at 12 o'clock.

Cartoonist Harvey Shonkwiler scored the hit of his life with his clever humorous cartoons bearing on the election and each one was heartily cheered. The cartoons were made to fit the news, wet or dry, Democratic or Republican and each one was cheered. There was always something on the canvas to enthrall the eye and The Times' election service was a No. 1. It was right up to the hilt and was appreciated.

The Times' leased wire and special correspondents covered all sections of the Buckeye State and the returns were not only complete, but accurate.

## Vote Was A Tie

Out in Precinct I of the Fourth Ward the voters are evenly divided on the much mooted wet and dry proposition. Exactly 88 votes were cast, 44 being for prohibition and 44 against prohibition.

## WETS SWAMPED PORTSMOUTH

State-wide prohibition was decisively defeated in the city of Portsmouth, the complete returns showing a majority of 1028 against it. The Home Rule amendment carried wide prohibition, Yes 2530, No 3567.

## WOMEN LOSE IN PORTSMOUTH

Voters of Portsmouth registered almost as unpopular in the country as unpopular in the country. A majority of 2220 was rolled up against it in the city. Complete returns from the city precincts give the following vote: Yes, 1680; No, 5300.

## Mixed Result In Adams County

Word came from Adams county Wednesday morning that the entire Republican county ticket had been swept into office by majorities ranging from 125 to 500 with the exception of Attorney Will P. Stephenson, Democrat, who was elected to common pleas court by a majority of 40. Mr. Stephenson has many friends here who will be pleased to learn of his election. Dr. W. D. Tremper was leading C. M. Emory by 300 votes in the fight for the state senatorship.

## Republicans Win In Jackson County

The Republican landslide struck Jackson county on Tuesday as all Republican candidates for various county offices were elected by safe majorities except R. L. Grimes, Democrat, who was elected common pleas judge by a majority of 112.

Jackson county voted 211 against state wide prohibition and 14 for Home Rule. The Dems had expected to carry county by 500, as they carried it by 380 three years ago.

**Tomatoes as Barometer.** Epiton, near Peterborough, one of the smallest parishes in England, has a mysterious tomato disease. The tomatoes, which are a dark red color, are spotted with black and fall. The disease is recorded in the village as an infallible barometer.

**Papa Did a Good Job.** Willie had been naughty and he was sitting out his punishment on the porch steps. A neighbor passed and greeted him. "Why, Willie, how tame you are?" "Yes'm," answered Willie, rubbing the injured part, "daddy did it."

## Never Questioned

Royal Baking Powder is absolutely pure and wholesome. It is made from highly refined, pure, cream of tartar, an ingredient of grapes. Not an atom of unwholesomeness goes into it; not an unwholesome influence comes from it. It perfectly leavens the food, makes it finer in appearance, more delicious to the taste, more healthful.

Its superiority in all the qualities that make the perfect baking powder is never questioned.

## Result In Clermont

The Times received a telegram early Wednesday morning from John W. Lennin, of Batavia, which stated that Kearns had a majority of 380 over human in Clermont, with two small precincts missing. The telegram stated that the two missing precincts would not materially change the result in the county.

## KEARNS WON IN ADAMS

Kearns' majority over human for Congress in Adams county is 450, while Tremper's vote exceeds Emory's for state senator by 350. State-wide prohibition carried by 1000 and Home Rule was defeated by safe majority.

## Row Over Watch

Charles Levi, a farmer living several miles below the city, appeared to the police for a W. K. L. in recovering a watch he had sold to Will Rogers, a colored, half-breed, conditionally. The agreement was that Rogers was to pay for repairs to the watch and carry it on trial for a week. The watch was repaired at Sardinia and came by parcel post with \$2.50 charges attached. Rogers refused to pay the charges or accept the watch and Levi did not think it was up to him to pay the charges. The matter told him his only recourse lay in some civil action.

## Meetings Are Well Attended

The revival meeting that has been going on at the Pleasant Green Baptist church is now in full swing and many accessions to the church are being made. Rev. George L. Davis, a noted preacher is conducting the meetings.

## WAVERLY WAS WET BY 57

From returns available Wednesday, state-wide prohibition was defeated by a small margin in Pike county, while the Home Rule amendment will likely be defeated by a close vote. Waverly, the county seat, gave 57 against prohibition and the same majority for Home Rule.

## WOMEN WIN IN MONTANA

Chicago, Nov. 4.—The woman suffrage amendment in Montana was carried by a 3 to 1 majority, according to the tabulations received here shortly before noon today by Mrs. McMillan. McMillan, clerk of the congressional campaign of the national suffrage association.

## COX CARRIES OLD PIKE CO.

Waverly, O., Nov. 4.—Governor Cox carried Pike county by 129 majority over Willis, but the Republicans elected the common pleas judge, county treasurer and probably one commissioner.

Inman, for Congress, received a majority over Kearns in Pike of 300, while Emory carried his home county over Tremper for state senator by 1579 majority. It was the only county Tremper lost in the district.

L. G. Dill, Republican nominee for common pleas judge, defeated John A. Egan, the Democratic candidate, by a majority ranging from

10 to 18. Slarens, Republican, was elected county treasurer by 150 majority over Hamilton. Democrat, McLaughlin, Democrat, defeated Levi Moore, the present incumbent, for prosecuting attorney by 16 majority.

The Democrats have elected Smith and Leach for county commissioners, with the contest close between Ammentout, Democrat, and Stubbs, Republican. Gilson, Republican, was defeated for reelection.

All of the other Democratic candidates were elected by safe majorities.

## Got to Go Deep to Cure Rheumatism

Liniments Help Locally, But the Disease is Way Down Inside.

To get at the source of rheumatic pain it requires the deep, searching influence of S. S. S., the famous blood purifier. Rheumatism is primarily a blood disease that, since it is in the blood that rheumatic tendencies are carried, judges in the joints and muscles, there to irritate the nerves and produce pain. And in order to cure the disease path by effecting a cure it requires S. S. S. to sink deep into the tiny glands included in the human tissue. S. S. S. travels wherever the blood goes and never loses its medicinal influence. This explains why it cures the most chronic forms of rheumatism, why it does not have the drastic effects that other blood purifiers have, and why it is the only blood purifier that cleans the blood for its action as a solvent and assists the blood to protect the system from future attacks of rheumatism. Write the medical and department, New Swift Specialty Co., 63 Swift Bldg., Atlanta, Ga., for additional advice. Yours may be a case where a slight help from a medicine whose action is free will save the money that has been making life miserable for you. When you ask for S. S. S. insist upon it and refuse all substitutes.
